ON COURSE 1-4 is a coursebook series written after extensive research into the latest language learning theories, including the Common European Framework of Reference for Languages. It takes learners of English through all levels, from beginner to proficiency.

ON COURSE 1-4 is a learner-centred course which provides students with the skills necessary to fulfil a variety of communicative goals.

The educational objectives of **ON COURSE 1-4** are:

- to provide a supportive framework in which students can develop their receptive and productive skills.

- to encourage students to become more responsible for their own learning.
- to widen students' knowledge and understanding of different cultures, lifestyles and perspectives.
- to encourage students to work with their peers to exchange ideas, solve problems, plan project work and so on.

The wide variety of real-life situations gives students a strong practical base in communicative English. Paired with a systematic and thorough development of grammar and vocabulary, this will ensure students move smoothly through all stages of the language learning process, from beginner to proficiency.
